

Financial investment broker - Apply for permission

As a financial investment intermediary, you independently broker financial products to clients, receiving a commission from the provider of the financial product. If you receive your fee from the client, please apply for a licence as a fee-based financial investment adviser (see "More information"). You may not act as a financial investment intermediary and a fee-based financial investment adviser at the same time.

As a financial investment intermediary, you are restricted to certain financial products by the so-called area exception of the German Banking Act. The permit covers (optionally) three product categories:

- * Units or shares in domestic open-ended, investment funds, open EU investment funds or foreign open-ended investment funds that are may be distributed in accordance with the German Capital Investment Code are permitted
- * Units or shares in domestic closed-ended investment funds, closed-ended EU investment funds or foreign closed-ended investment funds that may be distributed in accordance with the German Capital Investment Code. Investment Act (Kapitalanlagegesetzbuch) Asset investments
- * Asset investments within the scope of the Asset Investment Act, investment brokerage in the sense of the Banking Act (including participation loans, subordinated loans and crowd funding), on a commercial basis

In addition to the licence, you must also be entered in the Register of Intermediaries. You can submit the application for this together with the permit application. Staff members of financial investment brokers, who perform tasks in the area of financial investment brokerage and consultation, must also be registered in the Register of Financial Investment Brokers.

The CCI Berlin is in charge of registrations for companies based in Berlin. (see "More information").

Intermediaries, who perform financial brokering activities solely as a service for providers or issuers of asset investments in the sense of the Asset Investment Act or of closed-end alternative investment funds in the sense of capital investment legislation are exempt from the licensing obligation. They are registered in a public register kept by the Federal Financial Supervisory Authority (BaFin) (register of contractually bound brokers).

The content of your licence may be restricted and subject to ancillary provisions if the authorities deem this to be necessary for the protection of the general public or the clients.

Under the same conditions, the subsequent inclusion, amendment and supplementation of conditions is also permissible.
