Tax consultant - Apply for appointment

In addition to special professional qualifications, personal aptitude is a prerequisite for working as a tax consultant. The Chamber of Tax Consultants checks this personal aptitude as part of the appointment procedure for tax consultants.

In order to practise their profession, tax consultants and tax agents must be appointed by the Chamber of Tax Consultants responsible for the intended professional establishment. The appointment also establishes compulsory membership of the chamber.

If all requirements for appointment are met, a professional certificate is issued. The applicant is entered in the professional register and in the official register of tax advisors. After passing the examination or being exempted from the examination, applicants are appointed as tax advisors upon application by the competent Chamber of Tax Advisors.

Please note that you may only start working as a tax consultant once you have been appointed. Self-employed tax advisors must establish and maintain a professional establishment immediately after their appointment.

Procedure

1. Submit an 'Application for appointment as a tax adviser'. You can do this online.
2. Submit the complete application documents to the Berlin Chamber of Tax Consultants and pay the fee.
3. The Chamber of Tax Consultants will then check whether you fulfil the requirements and decide on your application.
4. The appointment is made by issuing a certificate, which will be sent to you by post.
