# Anerkennung ausländischer Berufsqualifikationen als Kindheitspädagoge/in beantragen

Childhood educators research the development, upbringing and education of children. They design concepts to support children, advise parents on educational issues or take on management tasks in educational institutions.

As a childhood educator, you will work, for example, in daycare centres, all-day schools in early childhood education or in social institutions such as family centres.

As a childhood educator, you are also qualified to manage groups, projects and facilities.

The social pedagogical professions are regulated in Berlin and Germany. This means that you need state recognition to practise the profession. You can obtain this if you submit an application for an equivalence assessment of your qualification. We follow the regulations of the Social Professions Recognition Act (SozBAG) for the equivalence assessment.

Procedure:

1. if you would like to work as a childhood educator with training from another country, you must first have your qualification recognised. You can submit the application by post or online. Please complete the application and send all the necessary documents with it.
- 2 The competent authority will check your details and ask if anything is still missing. You will receive instructions on the further procedure and will be informed of the status of your application by e-mail.
3. if all conditions are met and all documents have been submitted, you will receive a notification and, if applicable, a fee invoice by post. If not all conditions or documents have been met, your application will be rejected. In this case, you can also read the reason for the rejection in the notification from the competent authority.

## Prerequisites

- **Foreign professional qualification**

You have obtained a comparable professional qualification abroad in the field of childhood education.

- **Application for determination of equivalence**

You have not applied for recognition in another federal state to date.

- **Personal suitability**

(<https://service.berlin.de/dienstleistung/120926/>)

According to § 5 of the law regarding the recognition of qualifications in caring professions (SozBAG), state recognition cannot be granted if you have been found guilty of any serious offences that are associated with untrustworthiness to practise the profession. To verify this, we require an extended certificate of good conduct for presentation to an authority pursuant to § 30 a of the Central Federal Register Law (BZRG). Any previous

convictions are listed on the certificate of good conduct. State recognition can be granted if the certificate of good conduct has no entries.

- **German language skills**

(<https://www.europaeischer-referenzrahmen.de/sprachniveau.php>)

To receive state recognition, your German skills must be at least at level C1 of the common European framework of reference for languages.

## Documents required
