Fireworks - Notify sale of small fireworks and smallest fireworks

The intended sale of pyrotechnic objects (fireworks) of categories F1 and F2 must be notified in beforehand to the responsible public order office.

- If you intend to sell fireworks on an annually recurring basis, a one-time notification is enough.
- A new notification is required if changes have occurred since the first notification (e.g. change of address, changes in the persons responsible).
- If you permanently end the sale of fireworks or permanently close the sales facility, notify the responsible public order office immediately.

Procedure:

1. You notify the locally competent public order office of the intended sale of pyrotechnic articles (fireworks) of categories F1 and F2 in time (at least 14 days before the start of the activity).
2. Your notification will be reviewed by the competent authority. Usually you will not be informed when the process is complete.

Notes:

Any person who intentionally or negligently fails to make the notification, or fails to make it correctly, completely or in time, shall be guilty of an administrative offence. The administrative offence can be punished with a fine of up to EUR 10,000.
