Weapons legislation – Applying for a representation permit for weapons trading/weapons manufacturing

If commercial weapons trading or weapons production is to be carried out by a representative, a separate representation permit must be applied for for this person. This is also the case if a person is instructed to manage a branch establishment or a dependent subsidiary.

With regard to its scope and validity, the representation permit is linked to the corresponding weapons trading or weapons production permit.

The same requirements must be met for a representation permit as for a weapons trading or weapons production permit.

Prerequisites

- **Valid weapons trading permit or weapons production permit**
Anyone wishing to appoint a representative in weapons trading or weapons production must themselves hold a valid weapons trading permit or weapons production permit for an existing business.
- **The representative must agree to the application**
- **Minimum age of representatives: usually 25 years**
(https://www.gesetze-im-internet.de/waffg_2002/_6.html)
By way of derogation, a few specific exceptions apply: If a personal suitability certificate is presented the **minimum age is 18** instead (§6 section 3 WaffG)
- **Reliability of representatives**
