Professional register of tax advisors - apply for deletion from the professional register

If you are no longer working as a tax advisor, tax consultant, tax agent or tax consultancy firm, you must submit a declaration of renunciation in order to have your entry deleted from the register.

The professional register for tax consultants, tax agents and recognised professional practice companies is maintained by the relevant Chamber of Tax Consultants. Once your declaration of renunciation has been received, the corresponding entry in the register will be deleted. You will then no longer be listed in the professional register as a tax consultant. If a registered person is deceased, the waiver can be made by a third party.

Procedure

1. the deletion from the professional register must be applied for informally online or by post to the Chamber of Tax Consultants using the application form provided.
2. submit the complete application documents to the Berlin Chamber of Tax Consultants.
3. the Chamber of Tax Consultants will then check whether you fulfil the requirements and decide on your deletion.
